The purpose of this letter is to acknowledge receipt of the Joint Technical Document (JTD) by the California Regional Water Quality Control Board, San Diego Region ("Regional Board") on January 27, 2005. The current JTD contains a response to our letter dated December 13, 2004 and revised text, tables, figures and appendices to be inserted in the November 2004 JTD.

The Regional Board has reviewed your response to comments and we have determined that the Joint Technical Document is complete. The Regional Board staff plans to convene at least one public workshop prior to scheduling your project as an agenda item for consideration by the Regional Board during one of its regular monthly meetings. Prior to scheduling an agenda item for consideration by our Regional Board, we will provide you a copy of a tentative Order for your review and comments at least 30 days prior to the meeting.

We want to make the final version of the JTD available to the public through our website. In order to assist the Regional Board with this goal, we request that a copy of the completed final JTD be submitted to us on compact discs in pdf format. In order to facilitate access to this information and limit the size of the pdf files, we request that you create and organize the pdf files on the CD as follows:
